

## FOR IMMEDIATE RELEASE

### **Leading Nationwide Supplier of Import Car Performance Products Introduces New Online Buying Experience Backed by Extensive Updating of Inventory to Ensure Immediate Shipping.**

*UltraRev combines online access to all of the import performance products and accessories that are available for your car at the lowest prices possible and backed by unmatched customer service.*

■ Monday, May 15, 2006 UltraRev has grown into a nation wide corporation servicing interstate import car enthusiasts all over United States and Canada. UltraRev recently introduced a new and convenient way for consumers to buy products and accessories on-line. The [UltraRev](#) inventory is extensively updated which means most products are ready for immediate shipment via FED-EX or UPS once you place your order.

UltraRev is also a leader in the import performance market by being first in supplying consumers with new products as soon as they enter the market. Extensive automated updating of inventory enabling it to stay ahead of the competition has made this possible.

From the beginning UltraRev's mission has been to serve and help import car enthusiasts gain access to all of the import performance products and accessories available at the lowest prices possible, said Ray Maksumov, president of UltraRev.

UltraRev will be bringing in more and more manufacturer product lines and expanding their catalogs very fast. While the UltraRev market can be defined as people between 16 and 55 really anyone who has a car is a potential UltraRev customer.

Rev yourself to the future of performance tuning. UltraRev will continue to bring the best product lines and offer the best prices on them.
